

# What If You're Dead Wrong About Your Estate Planning?

Join Aging But Dangerous and Lommen Abdo Law Firm on **May 5th** for a spirited discussion on the tools, tips, and potential traps of not properly planning for incapacity or death. We'll mix up a cocktail of wills, trusts, powers of attorney and health care directives . . . and add a little discussion on proper fiduciaries, probate and planning for atypical family dynamics. But we also have to pour on some info regarding potential taxes. And finally we'll garnish the discussion with keeping your estate plan relevant into the future. *Where's my highball?*

Registration and networking: **2:45 to 3:15 p.m.**  
Attorney Karen Schlotthauer: **3:15 to 4:00 p.m.**

Please RSVP to Pat Maltz at 612.876.7964 or [info@agingbutdangerous.com](mailto:info@agingbutdangerous.com).

Tours of Tattersall and five tastings available after program for \$15.
